# Roger Pender III

San Marcos, CA | rdpender3@gmail.com | [LinkedIn](LinkedIn) | [rogerpender.com](rogerpender.com)

## SUMMARY

Experienced full-stack developer with a passion for crafting tailored solutions from concept to implementation. Adept at both independent and collaborative problem solving, with a focus on driving client success. Committed to continuous improvement in technical expertise, coding skills, and staying current with the latest industry tools and trends.

## SKILLS

React, HTML, CSS, Javascript, JQuery, Node, MySQL, MongoDB, PostgreSQL, Express, Wordpress, PHP, Next JS, Vite, Pardot, Addsearch, Salesforce.

## PROFESSIONAL EXPERIENCE

**Web Developer**, Electric & Gas Industries Association | Sacramento, CA          *Jul 2019 – Current*
- Maintain EGIA and partner company websites
- Create custom web pages using HTML, CSS, PHP, and Javascript
- Collaborate with designers to turn mockups into functional pages
- Communicate with developers from other companies to add functionality and features to our sites
- Manage EGIA's searchable database, update DNS records, and provide technical support to sales teams and users

**Teaching Assistant**, UC Berkeley Full Stack Web Development Boot Camp          *Sep 2019 – Mar 2020*
- Collaborated with instructors during class and conducted review sessions to solidify concepts with students
- Taught the basics of programming including HTML5, CSS and Javascript, followed by frameworks and libraries such as React, NodeJs, and ExpressJs
- Conveyed complex technical information in an understandable and effective manner
- Graded weekly assignments and provided feedback on bugs or redundant code

**Student Mentor**, UC Davis Full Stack Web Development Boot Camp          *Oct 2018 – May 2019*
- Assisted students with coding issues by guiding them through paired programming. Worked both in-person and remotely.
